I have always felt the urge to preserve nature, help those in need, to save the world. While that may yet take some time, how about for now I save your business from crashing under the demands of your daily customers? In case of missing knowledge, then fast, dedicated learning and high flexibility are guaranteed.

Free-time/Personality

Photography, Coding, Design, Reading, Hiking/Trekking, Sports, Volunteering for good cause, Earth-preservation

I am not afraid of hard work and getting my hands rough from time to time reminds of the fact, that we are truly living. People would say I'm very friendly, caring, flexible and reliable in any situation.
