Learned design & web at three different schools over 7 years, meanwhile polishing my skills by various internships in Denmark, focusing both on design and web. Now, with 2+ years of web development & design professional experience at FoxCom s. r. o. in Czechia, juggling several different web applications at once and being a volunteer webmaster to endowment fund Ozvěna, I'm looking forward to meeting you.

Free-time & personality

Photography, Design, Reading, Hiking/Trekking, Sports

Despite my career choices, I am not afraid of hard work as hiking, or exercising are one of my favourite pastimes. People would say I'm very friendly, caring, flexible and reliable in any situation.
